Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Tuesday 07 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cold and frosty before Storm Barra arrives.

Today:
A frosty start with a risk of icy stretches. Turning very windy through the morning. Outbreaks of rain, sleet and hill snow will push eastwards, with blizzard conditions possible on the highest routes, which may cause disruption through the afternoon. Maximum temperature 5 deg C (41 deg F).

Tonight:
Turning drier and clearer overnight with a blustery showers of heavy rain, hail and a risk of hill snow through the night. Remaining cold. Minimum temperature 2 deg C (36 deg F).

Wednesday:
Sunny spells with blustery showers of heavy rain and some hail. Further snow flurries over hills are possible. Calmer than Tuesday. Maximum temperature 5 deg C (41 deg F).

Outlook for Thursday to Saturday:
Drier, calmer and possibly brighter on Thursday. Perhaps breezier with some rain on Friday. Cold with further hill snow at times. Milder on Saturday but cloudy with further rain.
